

Legend

Total Solar Energy Potential

- 5 MWh/day or less
- 5.1 - 16 MWh/day
- 16.1 - 25 MWh/day
- 25.1 - 40 MWh/day
- More than 40 MWh/day

Depot rooftop
solar potential
(MWh/day)

Parking lot
solar potential
(MWh/day)

Eastchester Depot has the most parking lot solar potential, enough to power over 5,500 daily bus trips

With rooftop and parking lot solar panels, West Farms Depot could generate 31.3 MWh/day, enough to power over 1,800 daily bus trips

East New York Depot has the most rooftop solar potential, enough to power over 700 daily bus trips
